

TRADITIONAL
LIMONCELLO
Squeezed in New Zealand

This Summer.....With friends

MOJITO:CELLO

Imitation is the sincerest form of flattery - Mojito the easy way!

Hmmm..... Do you remember how scrumptious a Mojito is; ice cold, a blast of mint and lime, that tingle only real cocktails have. MOJITO:CELLO has everything that's great in a traditional mojito, but its tic tac toe easy..... there's beauty in simplicity :)

To make a glass:

- 60mL Lemon:Cello
- ½ a Lime cut into wedges
- 1 sprig of Mint..... to taste (not all mint is created equal)
- 120mL of Sprite
- Ice Cubes

The 1-2-3

Half fill tall glass with ice. Squeeze lime wedges over ice and add, clap mint (exactly as it sounds) and do the same. Add the Lemon:Cello, top with ice, fill with Sprite and stir with your straw..... done

Enjoy this Lemon:Cello tribute to a great!

..... but always with friends
